

# TRAVEL GUIDE

## 2021 EUROTOUR + DANISH SUP TOUR

Depending on your travel method we will recommend the following:

### By car:

The easiest way to reach Hvide Sande is by car. Plot in the event venue address in your GPS / google maps app. From the German border to Hvide Sande: 2h 30m; From Copenhagen to Hvide Sande: 4h; From Aalborg to Hvide Sande: 2h 45m; From Billund to Hvide Sande: 1h 30m

### By plain:

The nearest airport is Billund Airport. Many international flights goes to Billund Airport. Another opportunity is Aalborg Airport further up north who also has many international flights. Noth airports have car rental options from different car rental companies. Remember to get a car with roof racks or bring your own. Also remember to check board transport availability with your flight company. We can't provide any special deals for board transport. It will be your own responsibility to get your board to the event venue.

### By train:

We do not recommend you to go by train. The scheduled trains are limited and it can be difficult with board transportation.

### Pick ups:

We can't arrange any pick ups, but use the Facebook event page to find fellow paddlers and share any transport opportunities - then you'll also take care of the environment :-)

### Board transport on event location:

We will provide board transportation at the event venue between the start & finish line (event venue). We will also transport all athletes between start & finish area.
